Prices in pink are a 15-night deposit. This \$174.75 is not refundable if you leave prior to staying 15 nights. A credit will be applied to your following month's site fee, as applicable. A move-in date with only 15 nights remaining in that month will not receive a credit for the following month (indicated with a bold box.) Any credit earned through the deposit and completing a 15-night stay will be noted on your first invoice.

If you begin your stay within the last 5 days of a month, your deposit will be the total of the remaining nights in the month + the following month's site fee.
